SUMMARY

01 JUN 2020 TO 31 MAY 2021

**SATHYABAMA INSTITUTE OF
SCIENCE AND TECHNOLOGY,
CHENNAI**

1 (TN) AIR SQN NCC UNIT

ANO FLT LT V JAYAPRAKASH

NATIONAL CADET CORPS (NCC): AIR WING

1 (TN) AIR SQUADRON NCC

“FOR THOSE WHO WANT TO SOAR HIGH IN THE SKY”

MOTTO OF NCC: UNITY AND DISCIPLINE

National Cadet Corps (NCC) Air wing, Sathyabama Institute of Science and Technology, belongs to **1 (TN) Air Squadron NCC**. With the blessings from our **Founder Chancellor Col. Dr.JEPPIAAR., M.A., B.L., Ph.D.**, Air wing NCC was started in the year 2008 and it is functioning successfully under the excellent guidance of our **Honorable Chancellor Dr. Mariazeena Johnson** and our beloved **Honorable President Dr. Marie Johnson**. All the activities of the NCC and our entire programs receive the able guidance from **Dr.S.S.Rau, Registrar**.

Our NCC activities are executed with the strength of **50 Air Wing cadets** under the leadership of **Associate NCC Officer Flying Officer V Jayaprakash**. All our NCC activities are closely monitored by our **Commanding Officer Group Captain Ganesh Narayan**. 18 parades (105 Periods) are to be conducted every year, each parade consisting of 6 periods. Officers and Posted Instructional Staffs from **1 (TN) Air Sqn NCC** are giving the training to our cadets with great enthusiasm and zeal. In addition to that Adventure, Social and Regular NCC activities are being carried out by our Associate NCC Officer and NCC Cadets.

BENEFITS OF JOINING AIR WING NCC:

WHY TO JOIN NCC? “AS AN AIR WING NCC CADET YOU WILL”:

- Get air experience and learn to fly Microlight aircraft.
- Learn to design and fly aero models.
- Get a chance to represent Tamil Nadu in Inter Directorate Competitions and Republic day camp at Delhi.
- Be able to visit places, participate in national level camps, trekking, skiing & mountaineering and participate in nation building community services.

MERITS OF AIR WING ‘C’ CERTIFICATE:

- 10% Vacancies reserved for air wing NCC cadet in air force academy for flying branch.
- 100 Vacancies every year for NCC cadets in officers’ training academy (Army) Chennai.
- No AFCAT / UPSC written examination, direct SSB interview.
- Preference is given by various state Governments to the NCC ‘B’/‘C’ certificate holders for recruitment in following departments: Police service, Transport department, Forest department, Excise department, etc., & other private multinational companies prefer NCC certificate holders for recruitments.

ACTIVITIES EXCLUSIVE FOR AIR WING NCC CADETS:

- Microlight-Flying : Cadets learn to fly aircraft
- Aero-Modeling : The art of making and flying miniature aircraft models
- Skeet-Shooting : Firing on flying target. Activity requires fast reflex and action.

COMPETITIONS IN AIR WING NCC:

1. Microlight Flying
2. Skeet Firing
3. Range Firing (.22")
4. Aero Modeling
5. Drill
6. Tent Pitching

POC A.KARAN is talking...

WHAT IS NEP 2020?

On July 29, 2020: The Union Cabinet chaired by the Prime Minister Shri Narendra Modi approved the National Education Policy 2020, making way for large scale, transformational reforms in both school and higher education sectors. This is the first education policy of the 21st century and replaces the thirty-four year old National Policy on Education (NPE), 1986.

Other Important Highlights of National Education Policy 2020

1. New Policy aims for Universalization of Education from pre-school to secondary level with 100 % GER (**Gross Enrolment Ratio or Gross Enrolment Index is a statistical measure used in the education sector**) in school education by 2030
2. NEP 2020 will bring 2 crore out of school children back into the mainstream
3. Emphasis on Foundational Literacy and Numeracy, no rigid separation between academic streams, extracurricular, vocational streams in schools ; Vocational Education to start from Class 6 with Internships
4. Teaching upto at least Grade 5 to be in mother tongue/ regional language

Key Principles of NEP

- Respect for Diversity & Local Context**
In all curriculum, pedagogy, and policy.
- Equity & Inclusion**
As the cornerstone of all educational decisions.
- Community Participation**
Encouragement and facilitation for philanthropic, private and community participation.
- Use of Technology**
In teaching and learning, removing language barriers, for Divyang students, and in educational planning and management.
- Emphasize Conceptual Understanding**
Rather than rote learning and learning-for-exams
- Unique Capabilities**
Recognizing, identifying them in each student.
- Critical thinking and Creativity**
To encourage logical decision making and innovation
- Continuous Review**
Based on sustained research and regular assessment by educational experts.

Expected Outcomes

- **Universalisation of Access** – from ECCE to Secondary
- Ensure **equity and inclusion**
- Bring back 2 crores **out-of-school children**
- Attain **SDG goals** of retaining all children in schools until completion of secondary education
- Improve Quality and achievement of learning outcomes – **Foundational Literacy & Numeracy (FLN)**
- Focus on **21st century skills** in teaching, learning and assessment
- Resource sharing- **School complexes**
- Effective **Governance** - separation of powers and common norms
- Overcoming the **language barrier** in learning
- **Common standards** for public and private school education

Ensuring Universal Access to Education at all levels

- Multiple Pathways**
Multiple pathways to learning, involving both formal and non-formal education modes
- Build Schools**
Promoting both governments and non-governmental philanthropic organizations to build schools
- Learning Outcomes**
Focus will be on achieving desired learning outcomes at all levels
- Bring Back Drop-outs**
To bring drop out children back to school
- Alternative Centers**
Alternative and innovative education centers
- Peer Tutoring**
Suitable for all categories business and personal presentation

7.Date : 10 Oct 2020

Program : Article for Digital Forum

Venue : Cadets at Home - Online

Participated : ANO Flt Lt V Jayaprakash & 41 Air Wing NCC Cadets

Event : In pursuance of the directions of DG NCC, Articles, & Poems (English and Hindi), and Videos (English) pertaining to COVID-19 made by our cadets for Digital Forum.

Sent to unit on various topics:

Articles one each in English and Hindi

Poems one each in English and Hindi

Video in English

8.Date : 23-26 Oct 2020

Program : NCC Selections 2020-2021

Venue : Cadets at Home - Online

Participated : ANO Flt Lt V Jayaprakash & 300 Students of Sathyabama

Event : The Process of selection Takes place online, The Selections took place with in the norms of Covid-19. As we announced we received nearly a count of 300 applications, 23 Oct 2020, we gone through the exam. After the results we have 100 students Who crossed their first level. With in these 100 students a number of 75 students crossed their Second level of the selection process that is Physical fitness exam. The third part of the selection process is interview by ANO's of Sathyabama NCC on 26 Oct 2021. After all these levels 09 cadets were selected into Sathyabama NCC Airwing

BENEFITS OF JOINING AIR WING NCC

WHY TO JOIN NCC? "AS A AIR WING NCC CADET YOU CAN"

- ☑ Get air experience and learn how to fly Microlight aircraft
- ☑ Learn to design and fly aero models: The art of making flying miniature aircraft models
- ☑ Skeet-Shooting : Firing on flying target. Activity requires reflex and action.
- ☑ Get a chance to represent Tamil Nadu in Inter Directorate Competitions and Vayu Sainik Camp at Jodhpur
- ☑ You will be trained to become a good leader
- ☑ Helpful to attend the campus interview boldly

The infographic also features a video player showing four NCC cadets in a virtual meeting. One cadet is identified as 'E/C M Ajay Kumar reddy'.

Event : On 12th December 2020 our cadets of Sathyabama Institute of science and technology NCC AIRFORCE organized an event on Cleaning Of Water Bodies 1TN AIR SQUADRON Unit. Increasing population, rising standards of living and rapid growth of industry and urbanization are stressing water resources particularly our rivers that are getting polluted. Rivers are our lifelines, and integral part of our civilization. Here are few tips to keep the water bodies clean.

- Do Not Litter near a water body such as a lake, river or sea.
- Plant trees in catchment areas of rivers and also on banks.
- Trees not only check soil erosion but also retain soil moisture and feed rivers to keep them flowing.

PLASTIC WASTE

Flight Cadet Tejaswi

TN19SWF961203

MANAGEMENT

Plastic Waste:

Plastic products have become an integral part of our daily life, as a result of which the polymer is produced at a massive scale worldwide. On an average, production of plastic globally crosses 150 million tones per year.

Plastics are not inherently bad, and they have many redeeming ecological features. Many of the techniques we utilize in our designs involve targeted use of plastic products.

Once plastic is discarded after its utility is over, it is known as plastic waste. It is a fact that plastic waste never degrades, and remain on landscape for several years. Mostly, plastic waste is never degrades and is recyclable but recycled products are more harmful to the environment as this contains additives and colours.

The recycling of a virgin plastic material can be done 2-3 times only, because after every recycling, the plastic material deteriorates due to thermal pressure and its life span is reduced. Hence recycling is not a safe and permanent solution for plastic waste disposal.

Harmful Effects of Plastic:

- 1) Groundwater and soil pollution
- 2) Pollution in oceans
- 3) Dangerous for human life.

Impact:

1) Cleaner environment and reuse of waste plastic for roads :- The ban on plastics and the systematic waste recycling model have not only ensured cleaner surroundings and contributed to environmental conservation but also supported infrastructure development through road construction.

2) Public awareness and participation :- The plan has made a significant impact in building awareness and securing people's cooperation. It is encouraging people to collect plastic waste to minimize its negative environmental impact and assume responsibility for the maintenance of their local environment.

Waste management Implementation Strategy:-

The sustainable plastic waste management plan has been implemented in three stages:

Stage I):- creating an enabling framework:

The DEST began by establishing an environmentally sound solution for plastic littering and disposal. Its aim was to adopt replicable and sustainable solutions for the state.

Stage II):- Creating an enabling framework:

In this stage of the project, the government launched the polythene Hatao-Paryavaran Bachao campaign. The first phase of the campaign focused on voluntary participation in schemes and actions aimed at cleaning the state and encouraged citizens to understand the problem of plastic waste and need to keep

the state clean.

Stage III):- Insuring Consolidation and Sustainability:

Stage 3 of campaign addressed the need for developing a sustainable mechanism for collection and disposal of plastic waste, and focused on allocation of responsibilities and tasks to various departments. Role allocation and monitoring, constitution of teams to curb offences related to littering and use of plastic bags, involvement of eco-clubs to educate the general public and imposition of challans were the highlights of this stage.
