WEBINAR ON KARGIL VIJAY DIWAS

Recording You are viewing CADET Annaliza's screen View Options 00:23:31

WHY WAS THE WAR HELD AT KARGIL?

- ❑ The terrain was conducive to the preemptive seizure of several unoccupied military positions.
- ❑ A defender on the high ground would enjoy advantages akin to that of a fortress.
- ❑ Kargil is just 173 km from the Pakistani controlled town of Skardu.

Event : Honouring India's Gallantry Awardees–Online.
Venue : Cadets at Home – Online
Participated : ANO Sub Lt M.Anish Jervin & 80 Navy Wing Cadet
Program : In the Event of Honouring India's Gallantry Awardees, We the Cadets of Sathyabama NCC Navy Wing participated in **Online Declamation Competition** on the theme **'Say No to Single-Use Plastic'** highlighting the harmful effects of single-use plastic and why should it not be used.

Disadvantages

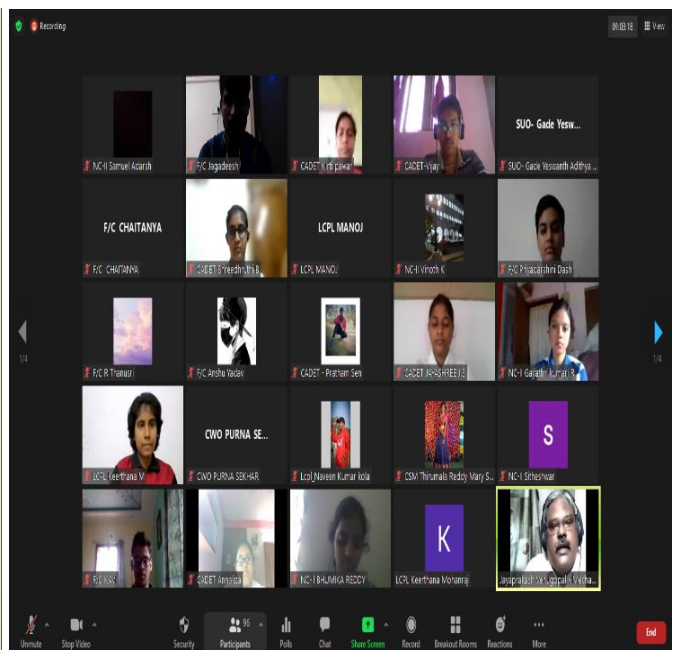

- Produce toxic fumes when burn
- Low heat resistance
- Non biodegradable
- Produce pollution
- Recycling its costly
- Poisonous gases produce during decomposition cause cancer
- Chocking drain system
- Lanfilling
- Kill animals
- Destroy environment

Other step we can take

- Don't ask for polybag for small purchases
- Make people aware about it and tell at least one person to stop using it
- Always carry your own hand made bag
- Start packing stuff on paper

-SWITCH- FROM PLASTIC TO RECYCLABLE ECO-FRIENDLY KRAFT PAPER BAGS

Introduction

One of the most memorable days in Indian history is 15th August. It's the day on which the Indian sub-continent got independence after a long struggle. India only has three national festivals that are celebrated by the whole nation as one. One being the Independence Day (15th August) and the other two being Republic Day (26th January) and [Gandhi Jayanti](#) (2nd October). After independence, India became the largest democracy in the world. We fought very hard to get our independence from the Britishers.

STAY SAFE
Happy Independence Day

Importance of Road Safety

Road safety is important so that passengers, drivers, vehicles, pedestrians stay safe while driving. Road safety is important so that passengers, drivers, vehicles, pedestrians stay safe while driving

"If you know you are driving to your death –would you still drive so fast?"

Road safety is the safety of people from road side injuries and accidents. It is the prevention and protection of road accidents by using all the road safety measures. Every person going on the road has a risk of injury or death. Such as pedestrians, motorists, cyclists, passengers, etc. It is said that a person's brain works in such a way that it tells the concerned person how safe he is at that time. Wherever you go, wherever you are, your own safety is something you should be concerned about all the time.
